TECHNOLOGY SO ADVANCED THAT HEARING IS EASY

REXTON

ONLY REXTON PROVIDES “LIFEPROOF” HEARING

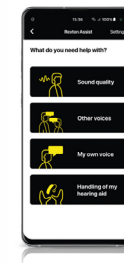

EASY LISTENING

Sound Pro 2.0 — Having a conversation in busy, noisy environments is a challenge for those with hearing loss. Rexton BiCore and M-Core hearing aids can help solve this challenge for you. Your hearing aids will automatically adjust to give you the proper amount of focus and awareness for the type of listening environment you are in.

BiCore takes easy listening a step further with innovative, multi-track processors, proven to help reduce listening effort by separating speech from the background before processing, enabling speech to stand out from the noises of life.

REXTON ASSIST

Using the power of Artificial Intelligence, Rexton Assist allows you to further optimize sounds and personalize how you hear throughout your day. Simply tap the “?” in the Rexton app and receive on-the-spot support.

A PERFECT LIFESTYLE FIT

- Easily connects to iPhone® and compatible Android™ devices for streaming from any Bluetooth® device.
- Direct streaming from your TV and other audio devices using the Smart Transmitter 2.4 or the Smart Mic.
- Multiple charger options to match your lifestyle and needs.
- Discreet, comfortable designs in a variety of color options.
