

ONLY REXTON PROVIDES LIFEPROOF™ HEARING

RELY ON
LIFEPROOF
REXTON

LIFE IS BUSY.

Understanding conversations can be a challenge when you have hearing loss. Rexton's **Soundpro 2.0** adjusts your hearing aids to provide the proper amount of focus and awareness for the listening environment you are in, automatically.

LIFE IS NOISY.

BiCore hearing aids have **Speech Preservation Technology™** with multi-track processors which are proven to help reduce listening effort by separating speech to stand out from the competing environmental sounds.

LIFE CAN BE UNEXPECTED.

BiCore RICs and BTEs are also tough enough to withstand unexpected situations. They are **IP 68** rated so you can have peace of mind that getting caught in the rain won't stop your hearing aids from working.

A PERFECT LIFESTYLE FIT

- Connect to iPhone®, iPad® and ASHA-compatible Android™ devices for easy phone calls and streaming
- Tap Control allows you answer calls without having your iPhone in hand
- Direct stream from TV and other audio devices with Smart Transmitter 2.4 or Smart Mic

REXTON

ABOUT REXTON

It's a tough world out there, and even tougher when your hearing starts to go. At Rexton, we won't let hearing loss hold you back. Good hearing is critical: From getting the job done, to getting home safely and being there for the people who count on you, we know what's at stake. That's why we work hard to deliver proven hearing technology in the most reliable way.

ACCESSORIES

Fully charge in as little as 3-4 hours at home or on-the-go. Our accessories allow you to connect and stream with various devices, including your TV, so you can enjoy what you want to hear with exceptional sound quality.

PHONE COMPATIBILITY

Scan the QR code to see if your phone can connect with Rexton hearing aids. It reports if you can stream calls and use hands-free, just like a headset, and also if you can use the Rexton app.

REXTON APP

- Use your smart phone or tablet as a remote to control your hearing aids
- Participate in virtual visits with your Hearing Care Professional for detailed adjustments

DOWNLOAD IT NOW!

PAIR YOUR HEARING AIDS

Turn your hearing aids off and back on to start the 3 minute discovery mode and follow instructions on your phone to get connected.
